## Important information 2010

PIEK grants all IPC members a 10% discount on all training programs offered regionally.  
 Please quote your membership number.

Where requested by one company, from the second participation application onwards, you will receive the following discounts:  
 10% for 2 to 3 participants and 15% for 4 to 5 participants.

You may use a discount offered by PIEK only once per training contract.  
 The training program discounts will only be deducted from the tuition fees and do not apply to the program documentation.

No discounts may be combined. PIEK will automatically deduct the discount that is most favorable to you.

The tuition fees are to be paid in advance, before the beginning of the course.  
 Please transfer the invoice amount prior to the date of the event.

All open registration training courses are held in English. If you wish for a particular training course to be held in your mother tongue, such training can be provided on a company internal basis at the location.

You will receive the training confirmation and the driving directions as soon as your application form has reached our office.

On our website [www.piekiec.eu/contact](http://www.piekiec.eu/contact) (at the bottom), you will find a multitude of useful information in respect of your stay, such as hotel information, route description and directions, information on several airports and the necessary tourist information, which could help to make this a pleasant stay in the Netherlands. Last but not least, the page also contains relevant Service-Information.

All prices are excluding the statutory VAT, as well as the travel expenses and the cost of accommodation; included are however, the writing materials, the training documentation, and the catering for the duration of the training course.

PIEK provides 1 network dinner in consultation with all course participants.  
 This will give you the chance to get to know your fellow students in an informal setting.

It goes without saying that we can also provide you with the above-mentioned training on a company-internal basis.

All certificates are valid for 2 years.

### Conditions of Registration:

Training course applications are to be submitted in writing. Only the completely filled out and signed registration forms will be considered. The payment of costs is to be transferred to PIEK one week before the commencement of the course at the latest. As a registration confirmation the participant receives an invoice. We ask for the payment to be made only after the invoice has been received. Together with the invoice you will receive detailed directions to the venue and further information. An administration fee of €150.00 will be charged in case of a cancellation (only in writing and up to two weeks before the commencement of the course determined on the basis of the postal stamp). Thereafter, the full invoice amount is to be paid in any event. PIEK reserves the right to cancel the scheduled course also after the registration has been confirmed due to insufficient participation or for other important reasons. In such a case, the fees already paid will be repaid.

### Note:

In respect of the provisions of the Data Protection Act, you are advised that your details will be stored in order to send you the documentation for further programmes, seminars, and training documentation and brochures from the PIEK International Education Centre (I.E.C.) B.V.
